Section B - Item E: In reference to the Future Land Use Map on pages 52 and 54 of the Comprehensive Plan, our property aligns with the commercial land use section. This area is designated for businesses which is what we intend to use it for.

Section B - Item F: When we purchased our home in 2015, the previous owner was using the current building at the end of our driveway as a business. Our property currently consists of a single family home along with a pole barn that was constructed at the end of the driveway. The location of the pole barn doesn't really fit with a residential building as it is positioned far away from the residence. We would like to bring the zoning on our property compliant so that we can continue to have a business there.
